Build the 'Rockstar' circuit
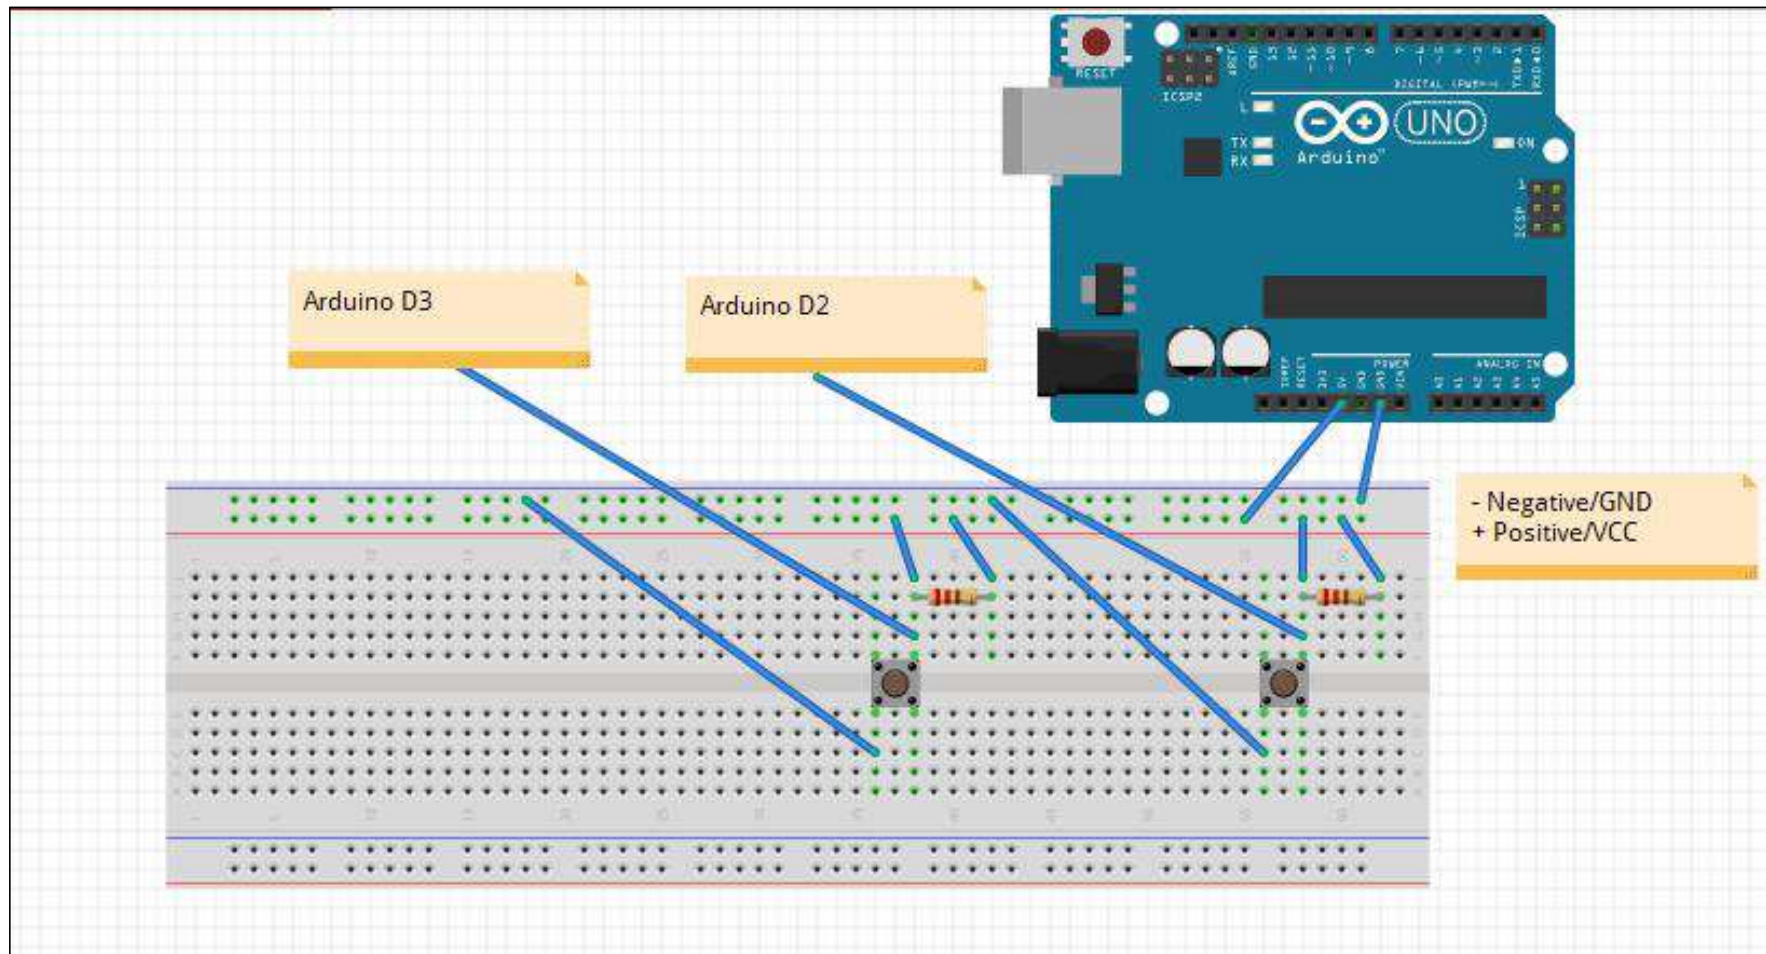

Assemble our circuit – UNO + TEA5767
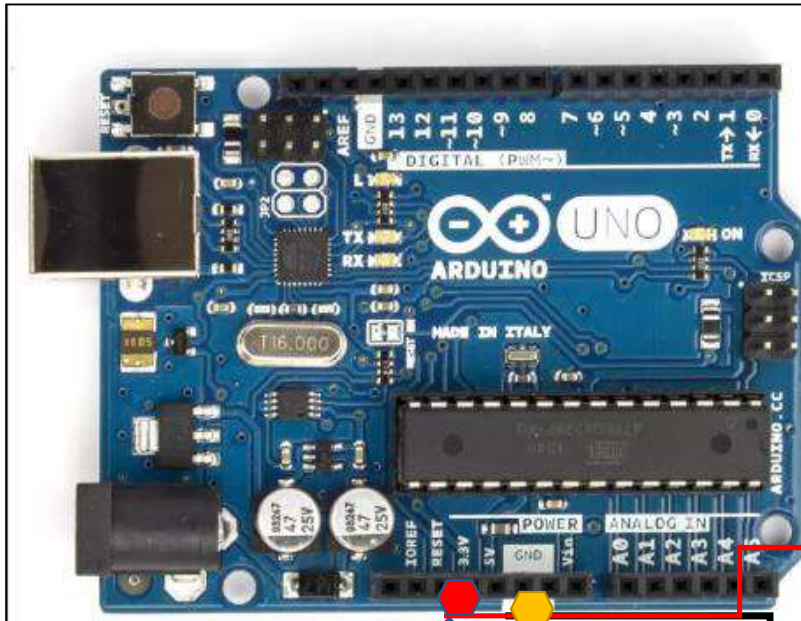

Arduino	TEA5767
A4	SDA
A5	SLC
3.3V	VCC
GND	GND

Assemble the circuit – UNO + SWITCH

Arduino D3

Arduino D2

- Negative/GND
+ Positive/VCC

Test our project

1. Open Serial monitor and make sure Baud rate is 115200
2. Press Arduino reset button if nothing happens
3. Push up the channel switch to change channel
4. Test the mute button and press again to unmute
